Dear Pickens High School Students, Parents, and Staff,

Welcome Back to what will be the “Best Year Ever” at Pickens High School!

I hope this letter finds you all excited and ready to embark on a remarkable journey for the 2023-2024 school year. Our school is more than just a place of education; it is a vibrant community where we encourage each other to build strong relationships, share laughter, and embrace the joy of learning. Our shared experiences and supportive environment create the foundation for a truly enriching high school experience.

To our returning students, welcome back! Your commitment to excellence and willingness to embrace new challenges are truly commendable. Your achievements have been a source of pride for our school, and I have no doubt that you will continue to shine brightly in the year ahead.

For our new students, I extend a heartfelt welcome! You have chosen to be a part of a wonderful community, and we are thrilled to have you join us on this exciting journey. Embrace every opportunity to get involved, make new friends, and discover your passions.

Parents and guardians, we value your partnership and support in your child's education. Together, we can foster a nurturing and empowering environment that cultivates their talents and helps them reach their full potential. I encourage you to stay actively engaged in your child's academic journey as your involvement plays a vital role in their success.

Our clubs, sports, fine arts, and other activities help to make this an exceptional place. I encourage each and every one of you to get involved as these experiences not only enrich your high school years, but also create lasting memories and friendships.

In closing, I am confident that together, we will make this the best year ever at Pickens High School. Let us build relationships, share laughter, and learn from one another as we strive for excellence in all that we do.

Go Dragons!!

Matt Combs
Principal, Pickens High School
